Transportation

As it is a choice to attend St. Augustine School, parents are responsible for transportation of students to and from school. Many parents car-pool and City Bus transportation is also an option. If a student has Brandon School Division bus access to their neighbourhood/catchment school due to distance, then they may ride the bus system to St. Augustine School.

Students are to arrive at school no earlier than 8:40am. There is no supervision on the playground: so, if parents leave the students before 8:40am there is not a teacher outside on duty. Also, picking up your child no later than 3:40pm is requested, so that safety is ensured. If you cannot meet this timeline, please register for our before and after school care program.

Before and After School Program

St. Augustine School offers a Before and After School care program, operating under the umbrella of the Brandon Catholic School Board. Complete guidelines and costs are available. Option is provided for mornings or after school only or both.

Call Back Program

We asked that parents provide a note, email, or phone call when your child(ren) will be absent so the school can monitor attendance. The purpose of the Call Back Program is to ensure the safety of your child(ren) during school hours. Please call the school at 204-729-3286 before 9:00am and 12:45 pm if your child is going to be absent. The answering machine will take your message out of school hours. If we have not heard from you and your child(ren) is/are absent, you will receive an automated call from School Messenger checking on the whereabouts of your child(ren). All student that are late must enter through the front doors of the school and sign in at the office, so we know they have arrived safely at school.

Intervention Procedures

Discipline is a teaching process designed to create positive behavioral alternatives for students. The nature and severity of the consequences will vary based on seriousness/nature of the behavior, age level, history of the student, and other relevant factors.

Logical consequences are the first level of response. This may include some of the following consequences:

- Warning
- Informal interview
- School Social worker involvement
- Formal interview with teacher and/or principal
- Mediation
- Detention of student – to be served at noon hour or recess breaks
- Withdrawal from classroom setting – working in an alternate location
- Removal of privileges
- Restitution
- Behavioral or performance contract
- Student services or clinical services involvement
- Outside agency involvement including the Brandon Police Service

For more serious behaviors, additional consequences may be considered by the principal:

In-school suspension: The student is placed in alternative setting for a specified period (half-day, full day, etc.) Breaks are supervised at an alternative time from other students and the student is expected to complete all work assigned.

Out-of-school suspension: The student is withdrawn from school attendance for a specified period of time. The parent is informed by verbal means for suspensions of one day, or by verbal followed by a letter for suspensions of two or more days. Suspensions of three days or more require a formal re-entry meeting with the parent, student, and principal, before returning to class. All work assigned must be completed and brought to school upon completion of the suspension.

Suspension will be enacted for conduct injurious to the welfare of self or others including assaultive behavior, drug and alcohol use, or any serious inappropriate behavior as deemed by the principal.
